"Idyllic...Like a Gauguin painting..." (Vogue)

 "The food is outstanding" (Vogue Entertaining)  
 "Samui's most elegant small hotel"  
 (London Sunday Times)

Koh Samui is the gateway to over 80 islands in the Gulf of Siam. Most are uninhabited and make up part of the Ang Thong National Marine Park.

All are within a 90 minute speedboat ride from Koh Samui.

From mid-February  
end of October

the water is warm and visibility averages 15 - 30 m. Dense schools of tropical fish

glide through  
the shallow coral reefs (20 m or less).

Giant groupers, curious batfish, pelagic fish, solitary copias and barracuda are all found here. Black coral abounds, as do yellow, pink and red seafans.

There is also an astonishing variety of hard corals. Huge, but harmless and friendly whalesharks are well-known visitors at the favourite deeper divesites (20 to 35 m).

On the boat rides  
to and from the islands  
keep a sharp eye out for playful  
dolphins and whales.

## The Big Buddha

Sitting 15 metres tall, The big Buddha is arguably Samui's most popular attraction. The Buddha was built in 1972 by a local society that wished to give visitors a place to pay respect to The Lord Buddha. You will find this monumental landmark on a small island just off Samui's Northern coast.

## Hin Lad & Namuang Falls

You will find these beautiful and refreshing water falls in the hills just off the main road 3 km and 11 km respectively from Nathon Pier.

Namuang actually consists of two water falls - the smallest one with a fall of 18 metres is accessible by car or motorbike and ideal for swimming. The larger one with a fall of 80 metres demands a 20 minute walk into the hills.
